Miss Sara Maddux, Commissioner
ANC-2A-06
Chair, ANC-2A
522 21~~st~~ Street, N.W.
Washington, D.C. 20006

Dear Commissioner Maddux:

This letter follows up on my oral request to you on January 12, 1995, I formally ask, as the elected Commissioner for ANC-2A05, for a key to access the rented office of the ANC2A Commission and for copies of the minutes of ANC-2A for the calendar year 1994.

The office is paid for with public funds voted by the Commission at its regular public meetings. The office serves the needs and purposes of the whole Commission (all six duly elected Commissioners) and should therefore be available to all six--Commissioners in ANC2A. There is no provision in the law that restricts the use of the office to a limited number of Commissioners, or the Chair, or to the Commission's staff assistant.

As for the minutes, these documents should be available to all elected Commissioners. These are documents of public record and would be available under the Freedom of Information Act to anyone requesting them. The Commission and its officers must act on this basis.

I shall appreciate action on my oral and written request at your earliest convenience.

Yours sincerely,

Dorothy Miller
Commissioner, ANC-2A05

Mr. Leo Gorman, Corporation Counsel of D.C.
