C.1.2 DEFINITIONS

C.1.2.1 IV-D – Refers to Title IV Part D of the Social Security Act. In 1935, Congress enacted legislation establishing the Aid for Dependent Child program (AFDC). AFDC established a partnership between the federal government and the states by providing appropriations to those states which adopt child support State plans required by § 454 of the Social Security Act and approved by the Secretary of Health and Human Services and. The states in turn provide a minimum monthly subsistence payment to families meeting established need requirements. In 1974, Congress passed the Family Support Act (FSA), Title IV-D of the Social Security Act, requiring states receiving AFDC funds to establish and enforce child support obligations. Every state receiving AFDC funds had to establish a child support enforcement agency popularly known as a "IV-D Agency" that was required to meet standards promulgated by the Office of Child Support Enforcement (OCSE), a division of the Department of Health and Human Services.

C.1.2.2 IV-D Case – A child support case where at least one of the parties, either the custodial parent or non-custodial parent, has requested or received IV-D services from the State's IV-D Agency. A IV-D case is composed of a custodial parent, non-custodial parent or putative father, and dependent(s).

C.1.2.3 Case Coordinator – The District employee or agent, identified by the District, who is responsible for scheduling or coordinating genetic testing for IV-D Cases for the District's IV-D Agency.

C.1.2.4 Non-IV-D Case – Any case other than the one brought by a IV-Agency, referred by the Superior Court to the Contractor for genetic testing of persons without the ability to pay the full cost of genetic testing.

C.1.2.5 Phlebotomist – One who collects specimens for analysis and is licensed in accordance with local professional licensing standards.

C.1.2.6 Specimen Collector – One who has been trained on how to properly collect a buccal swab (so as to avoid contamination, degradation, and insufficient yield) and who has a minimum of two (2) years' experience performing buccal swabs, who will be permitted to perform the buccal swabs for Non-IV-D cases.

C.2 BACKGROUND

- C.2.1** OAG/CSSD functions as the authorized federal IV-D Agency for the District of Columbia. In this capacity, OAG/CSSD assists families by locating absent parents, establishing paternity, establishing orders for child and medical support, enforcing delinquent orders of support, seeking modification of orders, and determining whether non-custodial parents of Temporary Assistance for Needy Families (TANF) recipients should be referred to Welfare-to-Work programs. In other words, OAG/CSSD performs all legal and programmatic functions associated with the District government's child support program.
- C.2.2** The Family Court of the D.C. Superior Court has jurisdiction over actions for the establishment of paternity and the establishment, modification, and enforcement of child support obligations in cases brought by the IV-D Agency - IV-D Cases - and in cases brought by individuals - Non IV-D Cases. Where paternity is at issue, the D.C. Superior Court may order the child and all other parties to submit to medical or genetic tests. In Non IV-D Cases, the costs of any medical or genetic tests and the costs of any expert witness appointed by the D.C. Superior Court must be paid by the parties, or, in the case of indigent parties in neglect proceedings, by the D.C. Superior Court. The IV-D Agency pays the costs for genetic testing upfront when genetic testing is ordered in a IV-D Case, unless otherwise directed by the presiding judge. Non-custodial parents determined to be legally responsible for financially supporting a dependent once the results of a genetic test are received, are required to reimburse the IV-D Agency for the costs associated with the test.
- C.2.3** OAG/CSSD is required to have and use procedures under which it can introduce as evidence of paternity the results of any genetic test that is of a type generally acknowledged as reliable by accreditation bodies designated by the Secretary of the U.S. Department of Health and Human Services and is performed by an accredited laboratory. When these conditions are satisfied, the test results can be introduced as evidence of paternity without the need for foundation testimony or other proof of authenticity or accuracy, unless an objection is made. Existing law requires States to have and use procedures under which objections must be made within a specific time period. The law gives States the flexibility to base the timeframe for objections on the scheduled hearing date or the date the test result was received.
- C.2.4** The requirement that States choose accredited laboratories for paternity testing in order to expedite contested cases reflects the widespread acceptance in scientific and legal circles of the validity of particular genetic tests for paternity. A customary means of assuring the reliability and validity of genetic tests for paternity is for testing laboratories to voluntarily seek accreditation under the standards and requirements set by recognized accrediting bodies, such as the American Association of Blood Banks (AABB).
- C.2.5** The District is a Hybrid Covered Entity and complies with the Health Insurance Portability and Accountability Act of 1996 (HIPAA). Generally, HIPAA applies to health plans, providers, and third party intermediaries. The District has identified covered healthcare components among its agencies which are required to comply with HIPAA.

The Health Information Technology for Economic and Clinical Health Act of 2009 makes HIPAA applicable to, as well as establishes direct liability for, contractors and subcontractors who meet the definition of a “Business Associate” as defined in 45 C.F.R. §164.103. The Contractor may be considered a Business Associate for purposes of HIPAA data and privacy compliance.

C.3 REQUIREMENTS

C.3.1 CONFIDENTIALITY OF INFORMATION

The contractor shall maintain the confidentiality of all information it receives in executing its genetic testing responsibilities described herein, including the identity of any person from whom samples are collected. The Contractor shall only use confidential information for purposes of fulfilling its contractual requirements with the District and shall not disclose confidential information, unless otherwise required by law and with prior written notice to the Contract Administrator (CA). All contract staff, including subcontractors, shall be required to sign confidentiality statements reflecting their understanding of this requirement, prior to gaining access to any such confidential information.

C.3.2 QUALIFICATIONS AND CAPACITY

C.3.2.1 The Contractor shall be approved and accredited by the Parentage Testing Committee of the AABB for the type of parentage testing that the Contractor will be required to perform under this contract.

C.3.2.2 The Contractor shall possess expertise and experience in conducting genetic testing in multiple jurisdictions and coordinating all aspects of genetic testing for the determination of paternity, including in local, interstate, and international cases. This expertise and experience shall include, at a minimum, the following: making all necessary arrangements for specimen collections, including preparing and sending genetic specimen collection kits to interstate and international jurisdictions; retrieving and processing specimen collections; ensuring that specimen collections are properly handled to avoid chain of custody issues; analyzing samples obtained to arrive at genetic test results; preparing genetic test reports which are admissible in a court of law; and making all necessary arrangements for recollections when necessary or requested by the CA or his/her designee.

C.3.2.3 The Contractor shall have the capacity to provide genetic testing services for a minimum of 1500 specimens per year for IV-D Cases. Such services shall include, but not be limited to, coordinating and arranging local, interstate, and international collections; processing and analyzing collections to determine paternity probability; and preparing genetic test reports based on findings from its analysis. The Contractor shall collect specimen from each of the following individuals per case: mother, putative father, and all identified children. When necessary, the Contractor shall provide motherless testing, collect specimens from incarcerated individuals, and retrieve and test autopsy specimens.

C.3.3 SPECIMEN COLLECTIONS

- C.3.3.1** The Contractor shall obtain samples by buccal swab or a similar medically acceptable technique used in DNA testing, which involves the collection of blood, bodily tissue, or bodily fluids containing DNA suitable for use in parentage testing.
- C.3.3.2** The Contractor shall comply with the Blood Borne Pathogens provisions of the U.S. Department of Labor regulations concerning Occupational Safety and Health Standards, 29 C.F.R. § 1910.1030, in fulfilling the requirements of this contract.
- C.3.3.3** The Contractor shall provide a Phlebotomist to collect specimens Monday through Friday from 10:00 a.m. to 4:00 p.m., except District of Columbia recognized holidays, at the D.C. Superior Court, JM Level, located at 500 Indiana Avenue, N.W., Washington, DC 20001. In addition, at the request of the CA, the Contractor shall provide a Phlebotomist to collect specimens Tuesdays and Thursdays from 1:30 p.m. to 4:30 p.m., excluding District of Columbia recognized holidays, at OAG/CSSD's office located at 441 4th Street, NW, Washington, DC 20001.
- C.3.3.4** At the direction of the CA, the Contractor shall assign a Phlebotomist to each birthing hospital identified by the CA and/or the D.C. Jail to collect specimens during the days and times that the CA directs. When performing genetic testing services at these locations, in addition to adhering to the requirements set forth in this contract, the Contractor shall adhere to any additional safety and security policies and procedures implemented by these facilities and communicated to the Contractor.
- C.3.3.5** The Contractor shall provide a Phlebotomist to collect specimens for Special Projects. "Special Projects" shall be defined as events, identified by the CA to the Contractor, during which the Contractor is required to provide one (1) or more Phlebotomists, as appropriate, to collect specimens outside of the hours set forth in C.3.3.3 and/or at a location other than those identified in C.3.3.3 and C.3.3.4.
- C.3.3.6** The Contractor shall be responsible for providing all necessary equipment for each collection site, including the following: examination table, draw chair, desk, facsimile machine, photocopier, camera, removable privacy partition, secretarial chair, secure file cabinet, secure waste container, secure medical supply cabinet, and four (4) waiting chairs.
- C.3.3.7** The Contractor shall ensure that a Phlebotomist is on-duty at the collection site(s) during the required days and hours. The Contractor shall immediately notify the CA if the assigned Phlebotomist is unable to arrive at the required time or must leave early due to an emergency, and shall have a replacement at the collection site within one (1) hour of the Phlebotomist notifying the Contractor of the emergency. The Contractor's failure to fulfill this requirement on any day in any monthly billing period may result in a five (5%) percent reduction in the monthly invoiced amount to be paid.
- C.3.3.8** The Contractor shall provide Phlebotomists that have proven capabilities in performing the work set forth in the requirements and previous training in the form of testing used by

the Contractor. A complete written Phlebotomist job description shall be included in the Contractor's file and be available for review upon the CA's request. The job description shall include education, experience and certification criteria, a description of duties and responsibilities, hours of work, and performance evaluation criteria. The Contractor immediately shall replace any Phlebotomist at the CA's request.

C.3.3.9 The Contractor's Phlebotomists shall inquire, prior to collection of paternity samples, if any party has had a blood transfusion within the past ninety (90) days or a bone marrow or stem cell transplant at any time, and shall provide such information on the notarized genetic test report.

C.3.3.10 The Contractor's Phlebotomists shall follow clear chain of custody procedures to ensure accurate identification of all specimens collected. The Contractor shall create and preserve an adequate documentary record of the custody of the samples collected in every case sufficient to withstand evidentiary objections in District courts. Such record shall be adequate to provide a legally acceptable foundation for the testimony of an expert witness or witnesses in the case.

C.3.3.11 The Contractor's Phlebotomists shall record identifying information from the individual's government-issued identification or other identification documents on the paperwork completed at the collection site.

C.3.3.12 The Contractor's Phlebotomists shall photocopy the following:

- a) A picture identification card from all adult subjects prior to collection of their specimens, and
- b) The court order, administrative order, or letter issued by the case coordinator directing the individual to submit to genetic testing.

C.3.3.13 The Contractor's Phlebotomists shall obtain fingerprints of any adult subject who does not have a government-issued identification card. The Contractor shall turn over copies of all of the aforementioned documents to the CA or destroy them, and provide proof of destruction, as the CA directs at the end of the contract.

C.3.3.14 The Contractor's Phlebotomists shall follow the following steps if a party appears for testing without an order or letter from the Case Coordinator directing genetic testing:

- a) The Phlebotomist shall have the individual return to the courtroom s/he just left to retrieve a copy of the court order if the person had a hearing on the same day they are appearing for testing.
- b) If the person is appearing for testing on a day other than the hearing date or if the person informs the Phlebotomist that an administrative order was issued and not a court order (meaning the parties completed the paperwork at OAG/CSSD's office whereby they agreed to submit to genetic testing), then the Phlebotomist shall check its files or check with the lab to see if a copy of the order has already been produced by another party to the case.

- c) If an individual is unwilling to return to the courtroom to get a copy of the order or if the Phlebotomist cannot locate a copy of the order instructing the testing, then the Phlebotomist shall first try to contact the Case Coordinator. If the Phlebotomist cannot reach the Case Coordinator, then the phlebotomist shall attempt to contact the Case Coordinator's backup. The Phlebotomist shall request that the Case Coordinator or his/her designated backup confirms that the individual's specimen should be collected, and fax the Phlebotomist a copy of the order directing that genetic testing be performed in the individual's case.
- d) As a last resort, the Phlebotomist shall direct the individual to go to Room 4335 in the Court (Clerk's Office) where the court jackets are maintained to get a copy of the court order, or direct the person to go to OAG/CSSD's office located at 441 4th Street NW, Suite 550N, Washington, DC 20001, to retrieve a copy of the administrative order.

C.3.3.15 The Contractor's Phlebotomists shall take photographs of the putative father, mother, and child(ren) involved in a case. The Contractor shall ensure that these photographs are attached to the genetic test reports before they are sent to the District.

C.3.3.16 The Contractor shall schedule specimen collections for test subjects in interstate and international cases within two (2) business days of the Case Coordinator's request, and notify the Case Coordinator of the date, time, and location of such scheduled collections. The Contractor shall arrange for a specimen to be collected within no more than a fifteen (15) mile radius from the subject's principle place of residence. The Contractor shall ensure that the facility or individual collecting the specimen receives all necessary documentation and collection kits prior to the scheduled appointment, and has the experience and level of expertise to properly collect and handle the specimen to avoid chain of custody issues. The Contractor shall notify the Case Coordinator in writing of an individual's failure to appear for a scheduled appointment, within twenty-four (24) hours or the next business day of the missed appointment.

C.3.3.17 The Contractor shall not dispose of any specimen collected, prior to test completion in the matter for which the specimen was collected, without receiving the prior written consent of the Case Coordinator or the CA. Contractor shall adhere to AABB industry standards regarding retention and disposal of specimen following test completion. Notwithstanding the foregoing, the Contractor shall retain specimen collected for testing in one matter to be used for testing in a different matter if directed to do so by the CA or Case Coordinator prior to disposal of the specimen, provided that such specimen can be properly retained and utilized for additional testing and does not violate AABB industry standards or any applicable laws or regulations. The Contractor shall submit the prior written consent of the submitter of the sample (or his/her legal guardian) before using his/her sample for testing in a matter other than the one for which the specimen was initially submitted.

C.3.3.18 At the written direction of the CA, the Contractor shall complete and store profiles immediately after collecting samples to avoid the need for recollection should an individual's sample be required for testing in a different matter in the future, or should the initial specimen collected become unreliable due to the passage of time. In the event

that a profile is to be used for testing in a different matter, then the Contractor shall obtain prior written consent from the subject of the profile (or his/her legal guardian) before using it.

- C.3.3.19** The Contractor agrees that all samples collected, and all work product and results relating thereto, are the property of the District. Upon contract expiration or termination, the Contractor shall turn over all samples in its possession, and any and all work product and results relating thereto, to the District, unless the CA otherwise directs in writing.
- C.3.3.20** The Contractor shall bill the District the full amount of each specimen collected within thirty (30) days of the collection.
- C.3.3.21** As scheduled by the CA, the Contractor shall provide on-site training to up to eight (8) OAG/CSSD staff members on how to collect and process samples for genetic testing. This training shall occur within thirty (30) calendar days of the CA making a request for the training. Following the training, the Contractor shall provide a point of contact to address any concerns and answer any questions which OAG/CSSD's staff members may have relating to collecting and processing samples. Should the laws and procedures governing the collection and processing of genetic testing samples change at any time during the course of the contract, the Contractor shall timely retrain OAG/CSSD's staff members to ensure they are aware of the changes. The Contractor shall also provide the necessary collection kits and paperwork required for OAG/CSSD's staff members to properly collect and process each specimen.

C.3.4 SANITATION & BIO-HAZARDOUS WASTE COLLECTION AND DISPOSAL

- C.3.4.1** The Contractor shall securely store and dispose of all bio-hazardous waste generated in specified areas identified for specimen collection in a manner conforming to federal, state, and local requirements.
- C.3.4.2** The Contractor shall remove all waste from the secured waste container daily.

C.3.5 SPECIMEN TESTING

- C.3.5.1** The Contractor shall perform genetic testing on all collected specimens sufficient to affirm at least a 99% probability that the putative father is or is not the father of the child(ren).
- C.3.5.2** The Contractor shall provide results of genetic testing to the Case Coordinator within fifteen (15) calendar days after the last party to a case submits his/her specimen.
- C.3.5.3** The Contractor shall provide reconfirmation in each exclusionary test result by performing a double testing, which shall involve the secondary analysis of the putative father.

C.3.5.4 The Contractor shall assume all costs in the event of re-collection of specimens due to the negligence of the Contractor or its employees, agents, or contractors. Non-exclusive examples of negligence are:

- a) A break in the chain of custody;
- b) Failure to label the specimen with the proper identifiers to indicate the donor;
- c) Samples that cannot be located while in storage; and
- d) Insufficient amount of sample taken.

C.3.5.5 Upon receiving a written request from the CA, the Contractor shall provide a qualified expert witness to testify in a case where genetic testing results are being challenged. The Contractor shall only provide experts who possess a degree in Medicine (M.D.) or a Ph.D. in an applicable scientific field, and who are familiar with various State Child Support Enforcement Programs. The qualified expert witness shall be an expert in the area of genetic testing, including, but not limited to, how test results are determined, how DNA is compared, how a paternity percentage is determined from probabilities within the population group, how chain of custody is preserved, and what procedures are followed in performing genetic testing. The expert witness shall be a qualified witness with respect to any testing methods that the Contractor used in performing its requirements under this contract. In addition, the expert witness shall be able to defend the determination of results being challenged or in question.

C.3.6 REPORTS

C.3.6.1 The Contractor shall provide notarized genetic test reports on paternity evaluations. The reports will include the following: results of the genetic marker for each person tested for each genetic system evaluated; paternity index for each test performed; combined paternity index for all the tests performed; relative probability of paternity for the putative father expressed in both a percentage and a written opinion; cumulative exclusion rate for each test performed; and race of each person tested.

C.3.6.2 The Contractor shall forward all genetic test reports, including local, interstate, and international, to the Case Coordinator within fifteen (15) calendar days of the collection of specimens from the last party involved in a case, unless advance written approval (which shall not be unreasonably withheld) is granted by the Case Coordinator to deliver a report beyond the fifteen (15) day requirement. Alternatively, the Contractor may enable the Case Coordinator to access these reports, within the required timeframe, via a secured web enabled database that the Contractor operates.

C.3.6.3 Where a second genetic test is requested and granted by a D.C. Superior Court judge or magistrate, the Contractor shall arrange that the second test be performed and genetic test report prepared by an independent genetic testing laboratory, meaning an independent laboratory will analyze the specimens for all individuals in a case, after the Contractor re-collects the specimens and sends them to the independent laboratory. The independent genetic testing laboratory shall be recognized and accredited by the AABB, and the Contractor shall ensure that this lab adheres to all operative provisions of the contract

pertaining to analyzing specimens to make a determination of paternity, as well as preparation and delivery of genetic test reports.

C.3.6.4 The Contractor shall forward second genetic test reports, which adhere to the requirements set forth in Sec. C.3.6.1 above, to the Case Coordinator within fifteen (15) calendar days of the collection of specimen from the last party.

If, however, a contract is awarded to this Offeror as a result of or in connection with the submission of this data, the District will have the right to duplicate, use, or disclose the data to the extent consistent with the District's needs in the procurement process. Contract Appeals Board (Board) a protest no later than ten (10) business days after the basis of protest is known or should have been known, whichever is earlier. A protest based on alleged improprieties in a solicitation which are apparent at the time set for receipt of initial proposals shall be filed with the Board prior to the time set for receipt of initial proposals. In procurements in which proposals are requested, alleged improprieties which do not exist in the initial solicitation, but which are subsequently incorporated into the solicitation, must be protested no later than the next closing time for receipt of proposals following the incorporation. The Offeror shall acknowledge receipt of any amendment to this solicitation electronically or as set forth in block 11 of the amendment. The District must receive the acknowledgment by the date and time specified for receipt of proposals. An Offeror's failure to acknowledge an amendment may result in rejection of its offer.

L.14 BEST AND FINAL OFFERS

If, subsequent to receiving original proposals, negotiations are conducted, all Offerors within the competitive range will be so notified and will be provided an opportunity to submit written best and final offers at the designated date and time. Best and final offers will be subject to the Late Submissions, Late Modifications and Late Withdrawals of Proposals provisions of the solicitation. After receipt of best and final offers, no discussions will be reopened unless the CO determines that it is clearly in the District's best interest to do so, e.g., it is clear that information available at that time is inadequate to reasonably justify contractor selection and award based on the best and final offers received. If discussions are reopened, the CO shall issue an additional request for best and final offers to all Offerors still within the competitive range.

L.15 LEGAL STATUS OF OFFEROR

Each proposal must provide the following information:

L.15.1 Name, address, telephone number and federal tax identification number of Offeror;

Offeror shall provide a detailed plan explaining how all test-related materials will be secured and when appropriate, transmitted securely. Offeror must submit with its proposal convincing evidence that demonstrates that the Offeror meets the Special Standard(s) of Responsibility.

SECTION M - EVALUATION FACTORS

M.1 EVALUATION FOR AWARD

The contract will be awarded to the responsible Offeror whose offer is most advantageous to the District, based upon the evaluation criteria specified below. Thus, while the points in the evaluation criteria indicate their relative importance, the total scores will not necessarily be determinative of the award. Rather, the total scores will guide the District in making an intelligent award decision based upon the evaluation criteria.

M.1.1 The District reserves the right to request an in-person presentation from up to five of the most qualified, top ranked Offerors. The District also reserves the right to reassess the Offeror's technical evaluation as a result of the presentation.

M.2 TECHNICAL RATING

M.2.1 The Technical Rating Scale is as follows:

Numeric Rating	Adjective	Description
0	Unacceptable	Fails to meet minimum requirements; e.g., no demonstrated capacity, major deficiencies which are not correctable; offeror did not
1	Poor	Marginally meets minimum requirements; major deficiencies which may be correctable.
2	Minimally Acceptable	Marginally meets minimum requirements; minor deficiencies which may be correctable.
3	Acceptable	Meets requirements; no deficiencies.
4	Good	Meets requirements and exceeds some requirements; no deficiencies.
5	Excellent	Exceeds most, if not all requirements; no deficiencies.

M.2.2 The technical rating is a weighting mechanism that will be applied to the point value for each evaluation factor to determine the Offeror's score for each factor. The Offeror's total technical score will be determined by adding the Offeror's score in each evaluation factor. For example, if an evaluation factor has a point value range of zero (0) to forty (40) points, using the Technical Rating Scale above, if the District evaluates the Offeror's response as "Good," then the score for that evaluation factor is 4/5 of 40 or 32.

If subfactors are applied, the Offeror's total technical score will be determined by adding the Offeror's score for each subfactor. For example, if an evaluation factor has a point value range of zero (0) to forty (40) points, with two subfactors of twenty (20) points each, using the Technical Rating Scale above, if the District evaluates the Offeror's response as "Good" for the first subfactor and "Poor" for the second subfactor, then the total score for that evaluation factor is 4/5 of 20 or 16 for the first subfactor plus 1/5 of 20 or 4 for the second subfactor, for a total of 20 for the entire factor.

M.3 EVALUATION CRITERIA

The District shall evaluate proposals on the basis of the factors and subfactors below, based on the extent to which the proposal contains a detailed response to each factor and subfactor that is clear, concise, comprehensive and complete.

M.3.1 TECHNICAL CRITERIA (70 POINTS MAXIMUM)

M.3.1 TECHNICAL EXPERTISE (0 - 20 Points)

The Offeror has demonstrated both its understanding of the requirements and capacity to perform the required services as evidenced by its expertise with child support and paternity establishment programs, and its ability to provide genetic testing in multiple jurisdictions and interstate and international cases.

M.3.2 TECHNICAL APPROACH AND CAPACITY (0 - 20 Points)

M.3.2.1 The Offeror has proposed a staffing plan, which includes qualified key personnel, to successfully provide the required services. The resumes submitted for the proposed key personnel demonstrate that the personnel have relevant experience and the technical competencies to perform the required services. (0 - 10 points)

M.3.2.2 The Offeror has provided an operating plan which demonstrates how the Offeror plans to ensure the collection site(s) are properly staffed during required hours. (0 - 10 points)

M.3.2 EXPERIENCE AND PAST PERFORMANCE (0 - 30 Points)

M.3.3.1 The Offeror has demonstrated that it has satisfactorily provided the same or similar genetic testing services, as those described in Section C.3, to child support enforcement programs. (0 - 15 points)

M.3.3.2 The Offeror has provided at least three (3) client references, some or all of which were completed by other child support enforcement programs, rating the Offeror's performance on services that are the same or similar to those described in Section C.3. (0 - 15 points)

M.3.4 PRICE CRITERION (30 POINTS MAXIMUM)

M.3.4.1 The Offeror’s total price for the base and option years will be converted to a price score as described below. Price is less important than the combined weight of the technical factors listed above.

M.3.4.2 The price evaluation will be objective. The Offeror with the lowest price will receive the maximum price points. All other proposals will receive a proportionately lower total score. The following formula will be used to determine each Offeror's evaluated price score:

$$\frac{\text{Lowest price proposal}}{\text{Price of proposal being evaluated}} \times 30 = \text{Evaluated Price Score}$$

M.3.2 PREFERENCE POINTS AWARDED PURSUANT TO SECTION M.5.2

(12 Points Maximum)

M.3.3 TOTAL POINTS (112 Points Maximum)

Total points shall be the cumulative total of the Offeror’s technical criteria points, price criterion points and preference points, if any.

M.4 EVALUATION OF OPTION YEARS

The District will evaluate offers for award purposes by evaluating the total price for all options as well as the base year. Evaluation of options shall not obligate the District to exercise them. The total District’s requirements may change during the option years. Quantities to be awarded will be determined at the time each option is exercised. If an option year is exercised, the District has the right to adjust the contract ceiling for that option year. Task orders will only be executed during option years when there is sufficient funding to support them. Task Orders cannot exceed the available budget.

M.5. PREFERENCES FOR CERTIFIED BUSINESS ENTERPRISES

Under the provisions of the “Small and Certified Business Enterprise Development and Assistance Act of 2014”, D.C. Official Code § 2-218.01 *et seq.*, as amended (“Act”, as used in this section), the District shall apply preferences in evaluating proposals from businesses that are certified by the Department of Small and Local Business Development (DSLBD) pursuant to Part D of the Act.

M.5.1 Application of Preferences

For evaluation purposes, the allowable preferences under the Act shall be applicable to prime contractors as follows:

- M.5.1.7** Any prime contractor that is a veteran-owned business (VOB) certified by DSLBD will receive the addition of two points on a 100-point scale added to the overall score.
- M.5.1.8** Any prime contractor that is a local manufacturing business enterprise (LMBE) certified by DSLBD will receive the addition of two points on a 100-point scale added to the overall score.

M.5.2 Maximum Preference Awarded

Notwithstanding the availability of the preceding preferences, the maximum total preference to which a certified business enterprise is entitled under the Act is the equivalent of twelve (12) points on a 100-point scale for proposals submitted in response to this RFP. There will be no preference awarded for subcontracting by the prime contractor with certified business enterprises.

M.5.3 Preferences for Certified Joint Ventures

A certified joint venture will receive preferences as determined by DSLBD in accordance with D.C. Official Code § 2-218.39a(h).

M.5.4 Verification of Offeror's Certification as a Certified Business Enterprise

M.5.4.1 Any vendor seeking to receive preferences on this solicitation must be certified at the time of submission of its proposal. The CO will verify the Offeror's certification with DSLBD, and the Offeror should not submit with its proposal any additional documentation regarding its certification as a certified business enterprise.

M.6 EVALUATION OF PROMPT PAYMENT DISCOUNT

M.6.1 Prompt payment discounts shall not be considered in the evaluation of offers. However, any discount offered will form a part of the award and will be taken by the District if payment is made within the discount period specified by the Offeror.

M.6.2 In connection with any discount offered, time will be computed from the date of delivery of the supplies to carrier when delivery and acceptance are at point of origin, or from date of delivery at destination when delivery, installation and acceptance are at that, or from the date correct invoice or voucher is received in the office specified by the District, if the latter date is later than date of delivery. Payment is deemed to be made for the purpose of earning the discount on the date of mailing of the District check.
